Please peruse the information prior to starting instructors and staff during your time with EICA. Whether you are taking just one course or several, we want each and every one of you to have a phenomenal experience at EICA.</p> <p>This handbook has been created to provide students and their families with the tools and information they need to be successful at EICA. Please peruse the information prior to starting your course, and feel free to come back and refer to the information at any time! We want this to be a one-stop resource for all of your EICA questions and needs.</p> <p>Again, we want to personally welcome you to the EICA family. We look forward to serving your educational needs!</p> <p>Sincerely,</p>  <p>Greisys Cue President & CEO</p>
<p>About Us</p>	<p>Ebenezer International Christian Academy is located in the city of Hialeah, Florida. Serving a large immigrant population, mostly of Hispanic/Latin origin, EICA has been able to provide many educational opportunities to individuals whom have needed a proper high school education in order to move forward in their lives as they make adjustments to settle in a new country. EICA is small institution in scope that caters to roughly 20-30 students a year, with 80% of them being of Hispanic/Latin origin. Our staff is a diversified group of individuals, all of which have extensive experience in their current position. Our faculty is made of well qualified individuals that have an eagerness to help others and impart a proper education to each student. EICA, over the years, has helped bridge the educational gap that comes with being an immigrant to this country, especially those that have been pulled from the classroom experience in their country of origin. Helping those with language barriers has been a challenge that the institution does confront and is slowly mastering the techniques and practices that facilitate this barrier to its student.</p>
<p>Mission and Purpose</p>	<p>The mission of E.I.C.A. is to reach its community to equip students through quality education with the necessary skills to pursue excellence through Christ in every area of life. The greatest level of accountability is our students, and EICA seeks to provide the best education possible for each individual seeking improvement in their education. Through technological development, we seek to provide greater opportunities in learning that allow for an alternative to traditional education. EICA pursues high-value educational development through the digital learning environment</p>

	<p>that allows us to reach a wide array of individuals in need, while allowing the flexibility to adapt to different capacities of learning.</p> <p>EICA's purpose is very much engaged in its student's educational progress through every step of their program. From its personal interaction during the admissions process to its student-teacher relationships, EICA accounts for every student in a very personal matter. The structure of its programs ensures that the students reach the necessary academic goals as well as a solid learning of Christian moral teachings that take part of the course curriculum. We expect all of our students to excel in our program and therefore have created its program offerings to adapt to student learning capacities, with the help of our qualified instructors. The size and scope of our institution allows for a great level of dedication to each student.</p>
<i>Values, Motto</i>	<p>OUR VALUES Working in partnership commitment to excellence success in life.</p> <p>Motto The Pursuit of Excellence through Christ.</p>

<i>Roles and Responsibilities</i>	<p>Parent or Legal Guardian Parents/guardians play a key role in their student's success in any learning environment, but even more so at EICA. Ebenezer International Christian Academy has the expectation that parents/guardians will be involved in their child's learning by participating in the welcome call with each course teacher. During this call, the parents/guardians are introduced to the requirements of the course and begin building strong teacher-student-parent relationships. In order to be kept informed of the student's progress, parents/guardians will also need to be available for a monthly contact with each of their student's teachers, and will have the ability to choose a preferred method of contact (phone, e-mail, text). Additionally, parents/guardians should contact the student's teachers to keep them informed of vacations or extended absences. Parents/guardians need to ensure that their student is making continuous learning gains weekly.</p> <p>Student The student's role at Ebenezer International Christian Academy is to learn to the best of his or her ability. Therefore, students should expect to take age-appropriate individual responsibility for their own learning, such as: applying themselves to their</p>

	<p>studies in a focused and serious manner, working hard, becoming engaged in the lessons and activities, asking questions, exploring their personal interests, improving areas of academic weaknesses, and capitalizing on strengths—and at all times completing their own work and upholding the principles of the EICA Academic Integrity Policy.</p> <p>Instructional Leader (School Principal) This individual is responsible for the administration of the school and for ensuring that students are provided with the support and assistance they need, in accordance with EICA standards of excellence.</p> <p>School Counselor: Our school counselor focuses on our home education population. The School Counselor can assist students and parents/guardians with course selection, college and career planning, interpersonal counseling, and general academic guidance. Our school Counselor or other qualified staff member is available to assist with high school credit or college/career questions.</p> <p>Teacher: The subject-specific teacher is the primary contact for students and parents/guardians with regard to subject-specific questions. These teachers are qualified to provide instructional interventional strategies as needed and to handle the following instructional questions:</p> <ul style="list-style-type: none"> • The curriculum or materials • The course scope and sequence • Modification of assessments for students with documented special needs • Testing • Grading and progress reports • Help with a particular assessment or concept <p>Teachers proactively monitor each student’s progress using our Learning Management System and through regular contact via phone, texting, email. Teachers score assessments and provide feedback on the student’s performance through formal means, such as assessment grades, comments, and regular progress reports, as well as informal means, such as phone calls and online communication. Depending on a student’s needs and grade level, teachers provide instruction in different ways. Generally, students will have a different subject-specific teacher for each course.</p>
<i>Organization and roles</i>	<p>This section provides information about how our district is organized and about the various roles and responsibilities of everyone involved in the school.</p> <p>Organization Ebenezer International Christian Academy (EICA) is a private school in the state of Florida and has several different types of school options to serve 9-12 grade students.</p> <p>Which Option is Right for Me? At EICA, we know that no two students are exactly like. Ebenezer International Christian Academy provides many options for students to be able to learn in the way that works best for them. EICA Full Time Being enrolled as a student in Ebenezer International Christian Academy Full Time (EICA Full Time) means that EICA is the school of record. Students take courses with EICA, receive grades through EICA, and graduate with an EICA diploma.</p>
<i>School Holidays</i>	<p>Although we do close our main office and EICA personnel are off on certain holidays during the year, students can access their courses and maintain momentum in their learning, even when other schools are closed. Your EICA course(s) will always be open and available, even on holidays.</p>
<i>Parent/Guardian Account</i>	<p>EICA values parents and guardians as partners. From approving course requests to monitoring progress, the Parent/Guardian Account allows parents to have a hands-on approach with their student's academic life at EICA.</p>

	<p>With your Parent/Guardian Account you will have:</p> <ul style="list-style-type: none"> • 24/7 online access to submitted and/or graded assignments and your child's grade book • Monthly phone calls from teachers • Monthly progress reports emailed to parent emails • Regular email updates from teachers • Extensive access to teachers (8 a.m. to 8 p.m. daily, as well as weekend hours)

<p><i>Emergency Plans</i></p>	<p>In the event of an emergency (such as hazardous weather conditions), EICA will send to all families a “must read” message explaining the details of the emergency, especially if it will result in the closure of our main office. EICA will also record a voicemail message announcing the details of the office closure and the availability, or lack of availability, of teachers and other school services.</p> <p>Please note that the Ebenezer International Christian Academy Ignitia Program and our teachers may be located in places where conditions are different from those in the student’s location. Such services may be occasionally interrupted when school</p>

	operations are running as usual or vice versa. Even if the school closes due to hazardous weather or other emergencies, students should still continue working in their courses.
<i>Enrollment</i>	Ebenezer International Christian Academy will abide by all federal, state, and local policies and guidelines for student admission and will not impose admission requirements that are inconsistent with these policies and guidelines. At various times during the school year, to comply with mandated enrollment caps, state regulations and reporting, and/or testing processes and requirements, EICA may temporarily or permanently close courses to new enrollments. Students and families will be notified of these changes when applicable.
<i>Digital Learning Act</i>	Important New High School Graduation Requirement On June 2, 2011, Governor Rick Scott signed the Digital Learning Act into law, as part of House Bill 7197. All incoming 9th grade students in Florida are now required to complete at least one online course as part of the 24 credits required for graduation. An online high school course taken in grades 6–8 also fulfills this requirement. For more information and a summary of the bill, visit: http://www.fldoe.org/GR/Bill_Summary/2011/HB7197.pdf . Exemption for IEP – This requirement does not apply to students who have an IEP indicating that an online course is inappropriate. Students with an IEP who less than 1 academic year have remaining in high school are also exempt.

Information provided in furtherance of an interagency agreement is intended solely for use in determining the appropriate programs and services for each juvenile or the juvenile's family, or for coordinating the delivery of the programs and services, and as such is inadmissible in any court proceeding before a dispositional hearing unless written consent is provided by a parent or other responsible adult on behalf of the juvenile.</p>
<p><i>Student Safety</i></p>	<p>Ebenezer International Christian Academy takes student safety and well-being very seriously and believes that students should be able to learn in a safe and comfortable environment. Therefore, in addition to the comprehensive set of required courses and trainings for school staff that focus on educational practices, teachers and staff also attend the Florida Child Abuse Mandatory Reporting Training. In such instances, individuals may call (305) 792-8242 for assistance.</p>
<p><i>Internet Safety</i></p>	<p>At EICA, we believe that learning occurs through active participation and application of knowledge to relevant situations and issues. In addition, we believe that successful learning organizations find opportunities to foster connections between instructors, students, parents, peers, and community members. It is our desire to provide learning opportunities that prepare students for the future while also maintaining a safe environment</p> <p>Cyber Safety Webinar Listen to Katie McDaniel, Victim Advocate with the Child Predator Cyber Crime Unit in the Office of the Attorney General for some tips for students to play and stay safe online. <p><i>Academic Honesty Policy</i></p>	<p>Academic integrity is the hallmark of excellence and the foundation of education which requires honesty in all course work. Students are expected at all times to submit their own work for all assignments, to present their own work and ideas in all discussions, and to properly cite original authors and others when referring to sources used. Students must succeed in their classes and programs without violating the Academic Honesty Policy.</p> <p>To preserve the integrity of Ebenezer International Christian Academy programs and maintain the high quality of education, the instructional team, and administration must address any charge of a violation of the academic honesty policy. At each penalty level the case is reviewed by the Academic Board. The due process procedures include a formal request for inquiry and research to prove or disprove the charge. A proven violation carries academic penalties. Students who violate the Academic Honesty Policy will receive a warning on a first offense, will be placed on probation for a second offense, and will be dismissed from the institution on a third offense. Students may appeal the dismissal but may not appeal the warning or the probation. If an egregious violation occurs students may be immediately dismissed from their program. The Academic Board reserves the right to issue any penalty subject to the severity of the violation.</p> <p>Ebenezer International Christian Academy has the right, at its discretion, to review any exams or assignments that have already been graded and to change the grade if plagiarism is found.</p> <p>A Ebenezer International Christian Academy graduate who is later found after graduation to have plagiarized, including allowing a student to copy his/her paper, may have his/her diploma revoked as per the Revocation of Diploma Policy. The result of the investigation may lead to the following disciplinary action that can include but is not limited to:</p> <p>Warning</p> <ul style="list-style-type: none"> • Documented counseling by staff • Attend training workshop, write a paper on academic integrity • Revision and resubmission of work with possible grade penalty

	<ul style="list-style-type: none"> • Submission of alternate assignment <p><i>Probation</i></p> <ul style="list-style-type: none"> • Documented counseling by staff • Attend training workshop, write a paper on academic integrity • Revision and resubmission of work with possible grade penalty • Submission of alternate assignment • Fail the assignment • Dismissed from course, suspended from the institution <p><i>Academic Honesty Violations</i></p> <p>The following violation types deserve close attention because they summarize various violations of academic honesty. This list below is not exhaustive but captures the predominant violations which occur. If at any time reasonable suspicion arises that a student is unlawfully concealing any stolen or illegal property, an alcoholic beverage or liquor, illegal drugs or any weapon, a staff member in collaboration with the brick and mortar school administrator may temporarily detain such student without the use of physical force, and the Instructional Leader/Principal or designee may search a detained student’s locker for the purpose of disclosing the presence of items herein provided.

2. In the event that it is suspected that contraband is concealed upon the person of the student, the principal shall request the voluntary surrender of the contraband. The severity of consequences imposed upon a student, including referral to the criminal justice or juvenile justice system, must be proportionate to the severity of the infraction and consistent with School board policies for similar infractions. If a student is disciplined for such conduct, the school principal or his or her designee must call the student's parent. Disciplinary action resulting from a student's clothing or accessories shall be determined pursuant to paragraph (d) unless the wearing of the clothing or accessory causes a substantial disruption to student learning, in which case the infraction may be addressed in a manner that is consistent with School board policies for similar infractions. POINTS	GRADE
100-90	A
89-80	B
79-70	C
Below 69	F

Grading Criteria

A = Excellent

The student has demonstrated a thorough understanding of the content and skills presented in the course and consistently initiate thoughtful questions and can see many sides of an issue. The student writes logically and clearly. He or she also integrates ideas throughout the course and, as appropriate, from previously completed courses in a program.

B =

Good The B student is an excellent writer and maintains consistent performance and understanding of course content that goes beyond the minimum requirements.

C =

Satisfactory The C student demonstrates a minimal comprehension of the skills and subject matter included in the course and accomplishes only the minimum requirements, while displaying little or no initiative.

F =Below average the student’s performance is barely acceptable. Assignments are late or missing and there is not even a minimal understanding or mastery of course content skills.

Final Exam

Student Authenticity and Proctored Exams and Assignments

Ebenezer International Christian Academy has a multi-tiered security system to help ensure student authenticity for all exams and assignments. Selected exams require a signed affidavit and/or academic honesty statement to be submitted prior to exam submission and before a grade can be received. EICA reserves the right to implement proctored exams at any time with reasonable notification.

Exam/Assignment Retake Policy

All exams can be resubmitted once if student is not satisfied with his/her score. Failed exams/assignments do not have to be retaken if final course average is above 69.

Please be aware that retaking an exam does not guarantee a higher score. Students who wish to retake an exam are strongly encouraged to work with their teachers and academic advisors

Academic Integrity

Information on EICA policy regarding Academic Integrity can be found in our School catalog.

Assessments

It is essential that student performance is regularly assessed. Ebenezer International Christian Academy uses the following types of assessments to determine students’ skill levels, to evaluate performance, develop educational plans, and to develop a permanent school record.

Assessments within the Curriculum

As they progress through their courses, students will engage in several possible types of formal and informal evaluations.

Formal Evaluations (Evaluated by Teachers)

- Quick Checks—Brief online assessments that provide automatic feedback for students and teachers.
- Quizzes—Short online assessments that provide automatic feedback for students and teachers.

	<ul style="list-style-type: none"> • Course Assessments—Written compositions, lab reports, short answer paragraphs, essays, book responses, and other assessments that require teacher evaluation of the student’s work. • Graded Discussions—Teacher-monitored “class discussions” in which students post thoughts, ideas, and reactions on a designated discussion board. Policy against Bullying and Harassment

****Please note:** Any reference to “bullying” includes cyberbullying, whether or not specifically stated.

It is the policy of the Ebenezer International Christian Academy that all of its students and school employees have an educational setting that is safe, secure, and free from hazing, harassment and bullying of any kind. The School will not tolerate hazing, bullying and harassment of any type. Conduct that constitutes bullying, hazing and harassment, as defined herein, is prohibited.

Definitions

The following definitions are intended to provide guidance in assessing whether a particular behavior is a prohibited behavior. They are not exhaustive in their scope and are not intended to replace the intuition of the individual. When in doubt as to whether or not a particular suspected behavior is a prohibited behavior, you are urged to rule on the side of caution and report your concerns to the appropriate authority, as provided for in this policy.

Bullying includes cyberbullying and means systematically and chronically inflicting physical hurt or psychological distress on one or more students or employees. It is further defined as unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by a student or adult, that is severe or pervasive enough to create an intimidating, hostile, or

offensive educational environment; cause discomfort or humiliation; or unreasonably interfere with the individual's school performance or participation; and may involve but is not limited to:

1. Teasing
2. Social Exclusion
3. Threat
4. Intimidation
5. Stalking
6. Physical violence
7. Theft
8. Sexual, religious, or racial harassment
9. Public or private humiliation

Cyberbullying means bullying through the use of technology or any electronic communication, which includes, but is not limited to, any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo electronic system, or photo optical system, including, but not limited to, electronic mail, Internet communications, instant messages, or facsimile communications. Cyberbullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person, or the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in the definition of bullying. Cyberbullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in the definition of bullying.

Harassment means any threatening, insulting, or dehumanizing gesture, use of data or computer software, or written, verbal or physical conduct directed against a student or school employee that:

1. Places a student or school employee in reasonable fear of harm to his or her person or damage to his or her property;
2. Has the effect of substantially interfering with a student's educational performance, opportunities, or benefits; or
3. Has the effect of substantially disrupting the orderly operation of a school.

Bullying and harassment also encompasses:

1. Retaliation against a student or school employee by another student or school employee for asserting or alleging an act of bullying or harassment. Reporting an act of bullying or harassment that is not made in good faith is considered retaliation.

2. Perpetuation of conduct listed in the definition of bullying or harassment by an individual or group with intent to demean, dehumanize, embarrass, or cause emotional or physical harm to a student or school employee by:

a. Incitement or coercion

b. Accessing or knowingly and willingly causing or providing access to data or computer software through a computer, computer system, or computer network within the scope of the School system

c. Acting in a manner that has an effect substantially similar to the effect of bullying or harassment

Cyberstalking as defined in s. 784.048(1)(d), F.S., means to engage in a course of conduct to communicate, or to cause to be communicated, words, images, or language by or through the use of electronic mail or electronic communication, directed at a specific person, causing substantial emotional distress to that person and serving no legitimate purpose.

Netiquette Guidelines for EICA High School Students

Learner Description: This guide was created for EICA high school students to encourage meaningful and productive online communications between students and their teachers.

Netiquette means behaving appropriately and responsibly in online communications, which includes email, discussion boards, chat rooms and other informal means of communication. The words "appropriate" and "responsible" have very general meanings, thus varying interpretations of these words may exist. Unlike the boundaries we live in, the internet brings people together from many cultures, backgrounds and ethnicities. Furthermore, inappropriate behavior creates distractions and thus hinders learning, which is our ultimate objective. For these reasons, it is very important to establish a set of rules for communicating online to avoid confusion, frustration and conflict. Below are the guidelines you must follow in all online communications in this course.

Exercise Proper Manners

We all know the golden rule for how to treat others and that is how you want to be treated. It is normal to disagree as we all perceive things based on our experiences, influences and reasoning skills. You may be wrong about your ideas sometimes and right about them at other times. In fact, there may be no right or wrong answer in some contexts. Also, choose your words carefully as online communications are easily misinterpreted. Please be objective and understanding of other's input at all times. If you don't have anything nice to communicate then don't communicate at all.

Control Your Emotions

We all have bad days - it's a part of life. Everyone is dealing with unique circumstances in their life, both good and bad. Sometimes it is difficult to control your emotions. However, online communications is not the appropriate arena to display negative feelings and ideas. Often, the emotions that consume us are temporary - our good will and better judgment prevails and our feelings change once again. Don't make the mistake of communicating your feelings online, only to later regret it. Once you communicate something in writing it becomes permanent and easily distributed to many. Control your emotions in online communications and avoid the embarrassing consequences.

Be Professional

When communicating online, it is important to write in a way that can be easily understood. Be careful not to write in the manner in which you speak. Verbal communication offers simultaneous, two-way interaction that enables misunderstandings to be resolved in real-time. Online communications does not afford us the opportunity to clarify our thoughts instantly. A lot of productivity can be lost in online communications as we wait on responses for clarity. For this reason, it is important to form sentences properly and avoid misspelled words. Also, avoid the use of slang and short-cut acronyms as others may not be familiar with such words or phrases. Cursing is absolutely prohibited. Take pride in your writing and how you represent yourself. Choosing not to be professional may create a negative reflection of your work and character.

Do Not Spam

Online communications offer the ability to broadcast a message instantly to many people, thus it is a popular way of communicating upcoming events, news and promotions. Although it may be convenient for some people, spamming in general is considered a bad practice. Spamming is unsolicited communication and is neither appropriate nor fair to those who did not express an interest in receiving such messages. It is opportunistic behavior that offers nothing to the academic foundation in which these online communications services are intended for. Please do not waste your time and other's time communicating anything that is not relevant to the content in which you are required to learn.

Don't Over Do It

Online communication is not intended to replace traditional forms of communication. There will always be situations that warrant verbal dialogue. If there is something you don't understand that is complex in nature, it may be appropriate to go to your teacher or seek the support of other students. Do not spend a lot of time typing a message that is long and detailed - it wastes your time and the recipient's time. Also, it is not appropriate to copy and paste large amounts of text inside the body of a message. Please place large text, including graphics, in another document and attach it to your message. Following this simple rule allows messages, particularly messages with many replies, to be navigated and read more easily.

Student Conduct

The Ebenezer International Christian Academy expects students to conduct themselves as appropriate for their levels of development, maturity, and demonstrated capabilities with a proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities, and the care of school facilities and equipment.

The school believes that standards for student behavior must be set cooperatively through interaction among the students, parents/legal guardians, staff, and community members producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for School and community property on the part of students, staff, and community members. Since students learn by example, school administrators, faculty, staff, and volunteers will demonstrate appropriate behavior; treat others with civility and respect, and refuse to tolerate bullying or harassment.

The school upholds that bullying, hazing or harassment of any student or school employee is prohibited:

- i. During any education program or activity conducted by a 9-12 educational institution;

- ii. During any school-related or school-sponsored program or activity;
- iii. Through the use of data or computer software that is accessed through a computer, computer system, or computer network of a 9-12 education institution within the scope of the school, meaning regardless of ownership, any computer, computer system, or computer network that is physically located on school property or at a school-related or school-sponsored program or activity; or
- iv. Through the use of data or computer software that is accessed at a non-school-related location, activity, function, or program or through the use of technology or an electronic device that is not owned, leased, or used by a school or school, if the bullying substantially interferes with or limits the victim's ability to participate in or benefit from the services, activities, or opportunities offered by a school or substantially disrupts the education process or orderly operation of a school.
- v. The above section (d) does not require a school to staff or monitor any non-school-related activity, function, or program.

Concluding whether a particular action or incident constitutes a violation of this policy requires a determination based on all of the facts and surrounding circumstances. The physical location or time of access of a computer-related incident cannot be raised as a defense in any disciplinary action.

Consequences

School Employees --Consequences and appropriate remedial action for a school employee found to have committed an act of bullying or harassment may be disciplined in accordance with School policies, procedures, and agreements. Additionally, egregious acts of harassment by certified educators may result in a sanction against an educator's state issued certificate. (See State Board of Education Rule 6B-1.006, FAC., the Principles of Professional Conduct of the Education Profession in Florida.) Consequences and appropriate remedial action for a visitor or volunteer, found to have committed an act of bullying or harassment shall be determined by the school administrator after consideration of the nature and circumstances of the act, including reports to appropriate law enforcement officials.

Students -- Consequences and appropriate remedial action for students who commit acts of bullying or harassment may range from positive behavioral interventions up to and including suspension or expulsion, as outlined in the Code of Student Conduct.

A student who commits an act of hazing as defined above upon another person who is a member of or an applicant to any type of student organization commits a felony of the third degree, punishable as provided in s. 775.082 or s. 775.083, if the person knew or should have known the act would result in serious bodily injury or death of such other person and the hazing results in serious bodily injury or death of such other person.

(b)(4) As a condition of any sentence imposed pursuant to paragraph (a) subsection (2) or subsection (3), the court:

1. Shall order the defendant to attend and complete a 4-hour hazing education course and may also impose a condition of drug or alcohol probation.
2. May require the defendant to make a public apology to the students and victims at the school.

3. May require the defendant to participate in a school-sponsored antihazing campaign to raise awareness of what constitutes hazing and the penalties for hazing.

Visitors/Volunteers -- Consequences and appropriate remedial action for a visitor or volunteer, found to have wrongfully and intentionally accused another as a means of bullying or harassment shall be determined by the school administrator after consideration of the nature and circumstances of the act, including reports to appropriate law enforcement officials.

Retaliation

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of harassment, intimidation, bullying, hazing, dating violence, or any other prohibited behavior will not be tolerated, independent of whether a complaint is substantiated. Such retaliation shall be considered a serious violation of school policy, and suspected retaliation should be reported in the same manner as prohibited behavior. Making intentionally false reports about prohibited behavior will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

This policy shall not be interpreted as infringing upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

Complaints

At the school, the principal/instructional leader or the principal/instructional leader's designee is responsible for receiving complaints alleging violations of this policy. All school employees are required to report alleged violations of this policy to the principal/instructional leader or the principal/instructional leader's designee. All other members of the school community, including students, parents/legal guardians, volunteers, and visitors are encouraged to report any act that may be a violation of this policy anonymously or in-person to the principal/instructional leader or principal/instructional leader's designee.

The principal/instructional leader of each school in the School shall establish and prominently publicize to students, staff, volunteers, and parents/legal guardians, how a report of bullying, hazing or harassment may be filed either in-person or anonymously and how this report will be acted upon. The victim of bullying, hazing or harassment, anyone who witnessed the bullying, hazing or harassment, and anyone who has credible information that an act of bullying, hazing or harassment has taken place may file a report of bullying, hazing or harassment. A school employee, school volunteer, student, parent/legal guardian or other persons who promptly reports in good faith an act of bullying or harassment to the appropriate school official and who makes this report in compliance with the procedures set forth in the School policy is immune from a cause of action for damages arising out of the reporting itself or any failure to remedy the reported incident.

Submission of a good faith complaint or report of bullying or harassment will not affect the complainant or reporter's future employment, grades, learning or working environment, or work assignments.

Any written or oral reporting of an act of bullying or harassment shall be considered an official means of reporting such act(s). Reports may be made anonymously, but formal disciplinary action may not be based solely on the basis of an anonymous report.

Procedures

At EICA, the Procedures for Investigating Bullying, Hazing and/or Harassment include:

- The principal/instructional leader or designee selects a designee(s), employed by the school, trained in investigative procedures to initiate the investigation. The designee(s) may not be the accused perpetrator (harasser, hazer or bully) or victim.
- Documented interviews of the victim, alleged perpetrator, and witnesses are conducted privately, separately, and are confidential. Each individual (victim, alleged perpetrator, and witnesses) will be interviewed separately and at no time will the alleged perpetrator and victim be interviewed together.
- The investigator shall collect and evaluate the facts including, but not limited to:
 - Description of incident(s) including nature of the behavior; context in which the alleged incident(s) occurred, etc.;
 - How often the conduct occurred;
 - Whether there were past incidents or past continuing patterns of behavior;
 - The relationship between the parties involved;
 - The characteristics of parties involved (i.e., grade, age, etc.);
 - The identity and number of individuals who participated in bullying or harassing behavior;
 - Where the alleged incident(s) occurred;
 - Whether the conduct adversely affected the student's education or educational environment;
 - Whether the alleged victim felt or perceived an imbalance of power as a result of the reported incident; and
 - The date, time, and method in which the parents/legal guardians of all parties involved were contacted.
 - Whether a particular action or incident constitutes a violation of this policy requires a determination based on all the facts and surrounding circumstances and includes:
 - Recommended remedial steps necessary to stop the bullying, hazing and/or harassing behavior; and
 - A written final report to the principal/instructional leader.

The maximum of 10 school days shall be the limit for the initial filing of incidents and completion of the investigative procedural steps. The highest level of confidentiality possible will be upheld regarding the submission of a complaint or a report of bullying, hazing and/or harassment, and the investigative procedures that follow.

A principal/instructional leader or designee will assign a designee(s) that is trained in investigative procedures to initiate an investigation of whether an act of bullying, hazing or harassment is within the scope of the school.

The trained designee(s) will provide a report on results of investigation with recommendations for the principal/instructional leader to make a determination if an act of bullying, hazing or harassment falls within the scope of the School.

- If it is within scope of school, move to Procedures for Investigating Bullying, Hazing and/or Harassment.
- If it is outside scope of School, and determined a criminal act, refer to appropriate law enforcement. All acts of hazing in grades 9-12 as defined in the definitions section must be referred to local law enforcement.
- All victims and perpetrators of hazing, as defined in the definitions section above, must be referred to a certified school counselor.
- Each incidence of hazing will be reported to the FDOE via the school's Safety and Discipline Report.
- If it is outside scope of School, and determined not a criminal act, inform parents/legal guardians of all students involved.

The principal/instructional leader, or designee, shall promptly report via telephone, personal conference, and/or in writing, the occurrence of any incident of bullying, hazing or harassment as defined by this policy to the parent or legal guardian of all students involved on the same day an investigation of the incident(s) has been initiated. Notification must be consistent with the student privacy rights under the applicable provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA).

If the bullying or harassment incident results in the perpetrator being charged with a crime, the principal/instructional leader, or designee, shall by telephone or in writing by first class mail, inform parents/legal guardian of the victim(s) involved in the bullying or harassment incident about the Unsafe School Choice Option (No Child Left Behind, Title IX, Part E, Subpart 2, Section 9532) that states "...a student who becomes a victim of a violent criminal offense, as determined by State law, while in or on the grounds of a public elementary school or secondary school that the student attends, be allowed to attend a safe public elementary school or secondary school within the local educational agency, including a public charter school."

Once the investigation has been completed and it has been determined that criminal charges may be pursued against the perpetrator, all appropriate local law enforcement agencies will be notified by telephone and/or in writing. Intervention Protocol a School referral procedure will establish a protocol for intervening when bullying or harassment is suspected or when a bullying or harassment incident is reported. The procedure shall include:

- A process by which the teacher or parent/legal guardian may request informal consultation with school staff (specialty staff, e.g., school counselor, school psychologist, etc.) to determine the severity of concern and appropriate steps to address the concern (the involved students' parents or legal guardian may be included).

A referral process to provide professional assistance or services that includes:

- A process by which school personnel or parent/legal guardian may refer a student to the school intervention team (or equivalent school-based team with a problem-solving

focus) for consideration of appropriate services. (Parent or legal guardian involvement is required at this point.)

- If a formal discipline report or formal complaint is made, the principal/instructional leader or designee must refer the student(s) to the school intervention team for determination of counseling support and interventions. (Parent or legal guardian involvement is required at this point.)
- A school-based component to address intervention and assistance as determined appropriate by the intervention team that includes:
 - Counseling and support to address the needs of the victims of bullying or harassment;
 - Research-based counseling/interventions to address the behavior of the students who bully and harass others (e.g., empathy training, anger management); and/or
 - Research-based counseling/interventions which include assistance and support provided to parents/legal guardians, if deemed necessary or appropriate.

If a bullying or harassment incident occurs then it will be reported with either the bullying or harassment code. If the bullying or harassment results in any of the following incidents the incident will be coded appropriately using the relevant incident code AND the related element code entitled bullying related.

Those incidents are:

- Alcohol
- Arson
- Battery
- Breaking and Entering
- Disruption on Campus
- Drug Sale/Distribution Excluding Alcohol
- Drug Use/Possession Excluding Alcohol
- Fighting
- Homicide
- Kidnapping
- Larceny/Theft
- Robbery
- Sexual Battery
- Sexual Harassment
- Sexual Offenses
- Threat/Intimidation
- Trespassing
- Tobacco
- Vandalism
- Weapons Possession
- Other Major (Other major incidents that do not fit within the other definitions)

Discipline and referral data will be recorded in Student Discipline/Referral Action Report and Automated Student Information System.

The school will provide bullying, hazing or harassment incident, discipline, and referral data to the Florida Department of Education in the format requested, through Surveys 2, 3 and 5 from Education Information and Accountability Services, and at designated dates provided by the Department. Data reporting on bullying, hazing, harassment, unsubstantiated bullying, unsubstantiated harassment, sexual harassment and threat/intimidation incidents as well as any bullying-related incidents that have as a basis sex, race or disability should include the incident basis. Victims of these offenses should also have the incident basis (sex, race or disability) noted in their student record.

The School ensures that schools sustain healthy, positive, and safe learning environments for all students. It is important to change the social climate of the school and the social norms with regards to bullying or harassment. This requires the efforts of everyone in the school environment – teachers, administrators, counselors, other non-teaching staff, parents/legal guardians, and students.

Students, parents/legal guardians, teachers, school administrators, counseling staff, and school volunteers shall be given instruction at a minimum on an annual basis on the School's Policy and Regulations against bullying, hazing and harassment. The instruction shall include evidence-based methods of preventing bullying and harassment, as well as how to effectively identify and respond to bullying or harassment in schools.

The principal/instructional leader or designee shall by telephone and/or in writing report the occurrence of any incident of bullying, hazing or harassment as defined by this policy to the parent or legal guardian of all students involved on the same day an investigation of the incident has been initiated. According to the level of infraction, parents/legal guardians will be notified by telephone and/or writing of actions being taken to protect the child; the frequency of notification will depend on the seriousness of the bullying or harassment incident. Notification must be consistent with the student privacy rights under the applicable provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA).

At the beginning of each school year, the Superintendent or designee shall, in writing, inform school staff, parents/legal guardians, or other persons responsible for the welfare of a student of the School's student safety and violence prevention policy.

The school shall provide notice to students and staff of this policy through appropriate references in the code of student conduct and employee handbooks, and/or through other reasonable means. The Superintendent shall also make all contractors contracting with the School aware of this policy.

The school principal/instructional leader shall develop an annual process for discussing the school policy on bullying, hazing and harassment with students in a student assembly or other reasonable format.

Reminders of the policy and bullying, hazing or harassment prevention messages such as posters and signs will be displayed.
